

## Resource & Job Fair Success

### 24 Vendors!

Five Keys and West Adams Worksource Center hosted the first Job and Resource Event of the year. It was a big success with over twenty four vendors.

Pacific Line Construction, Maxim Health, Pop Up Cleanup, Robertson's Trucking Co., and Go Staff hired 10 people on the spot!

Special shout out to the Five Keys Transitional Employment team, Jalonn Harrison, Sindy Prado, Elvia Sanchez, Manuel Martinez, Javier Huerta, Ulysses Loaiza, and Barry Tolbert for helping at the event.

Visitors enjoying all the resources provided at our Job and Resource Fair

## Congratulations New Supervisors!

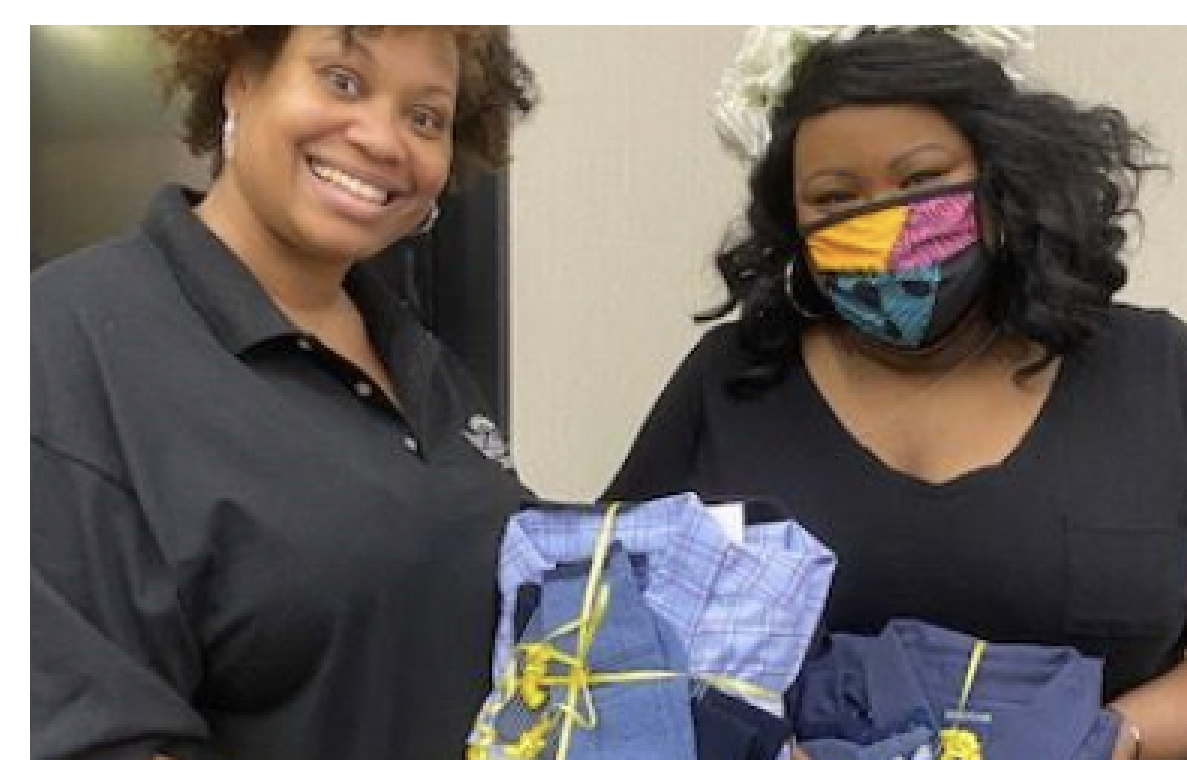

Congratulations to our new Stockton supervisors! Our growth allows us to promote from within so our stand-out crew members often become our full time supervisors with Five Keys!

## Our Partners Make it Possible!

This month, our partners donated time, space, resources and most importantly their compassion to help us create a successful resource and job fair.

Thank you Goodwill Industries, AADAP Worksource Center, Northgate Market, Project Return Peer Support, The Amity Foundation, Go Staffing, Saint John, Robertson Truck and Path all helped us this month.

## Enrolled in School!

We helped 4 people enroll into a Five Keys School this month!

## Highlights

### That's A Wrap for Woolsey Fire Clean-Up Crew

The Five Keys Fire Clean-up Crew has finished the remediation of Charmlee Wilderness Park in Malibu CA. The entire park was ablaze during the **Woolsey Fire** in November 2018. After the fire, the park was closed for over two years. Our hard working Fire Crew has spent the last 20 months, restoring hiking trails, clearing emergency access roads, and filling in trenches caused by erosion. Now, the city of Malibu and its patrons will be able to enjoy all the park has to offer. The crew's next project will start soon in the Angeles National Forest and they will provide their services cleaning up after the Bobcat Fire. Thank you **Managed Career Solutions (MCS)**. We are grateful for your partnership.

### Forestry Fire Recruitment

### Solar installation Training in Stockton

Our Stockton Team met with Grid Alternatives and Greater Valley Conservation Corps this month to plan the kick off of our first joint Five Keys/Grid Alternatives cohort for **solar installation training** for our crews. This will be a month-long training program to learn solar roofing installation skills- both in a classroom and hands on setting.

Five Keys is pleased to announce our new partnership with the **Forestry Fire Recruitment Program (FFRP)**. FFRP is an eight month apprenticeship that is a direct career path into Cal Fire! We will now collaborate with each other in meeting the needs of our clients by providing temporary employment and job readiness training to those who have committed longterm to FFRP. Five Keys will have direct referrals for our crews into FFRP.

## More Highlights

### OSHA Certification

29 OSHA Construction and Safety training certification cards came in the mail this month in Stockton! This will further support our participants as they seek full-time employment outside our program.

### Safety Training

Five Keys held their safety training for the new Cal Crew members. Cal Crew Supervisor **Gerardo Mendoza**, facilitated the training. Daily scope of work and safety protocols were covered in this particular training as we prepared Cal Crew members for work out in the field.

### Employee Appreciation!

First Step Staffing hosted their Partners Appreciation Ceremony and awarded our very own, **Sindy Prado** for her outstanding work and supportive partnership.

### Caltrans SAM Program

Our San Diego Employment Coordinator, **Michael Nehls**, was able to help **26** of our SD Cal Crew participants submit applications through CalCareers for the **Caltrans SAM Program** (Service Assistant-Maintenance). All 26 participants completed the assessment and successfully submitted their applications. His assistance over a three day period has given a record number of our crew members an opportunity for a great career.

The SA(M) Program is a temporary position specifically for those participating in a Special Program contract. It has led to permanent employment with Caltrans for our past participants.

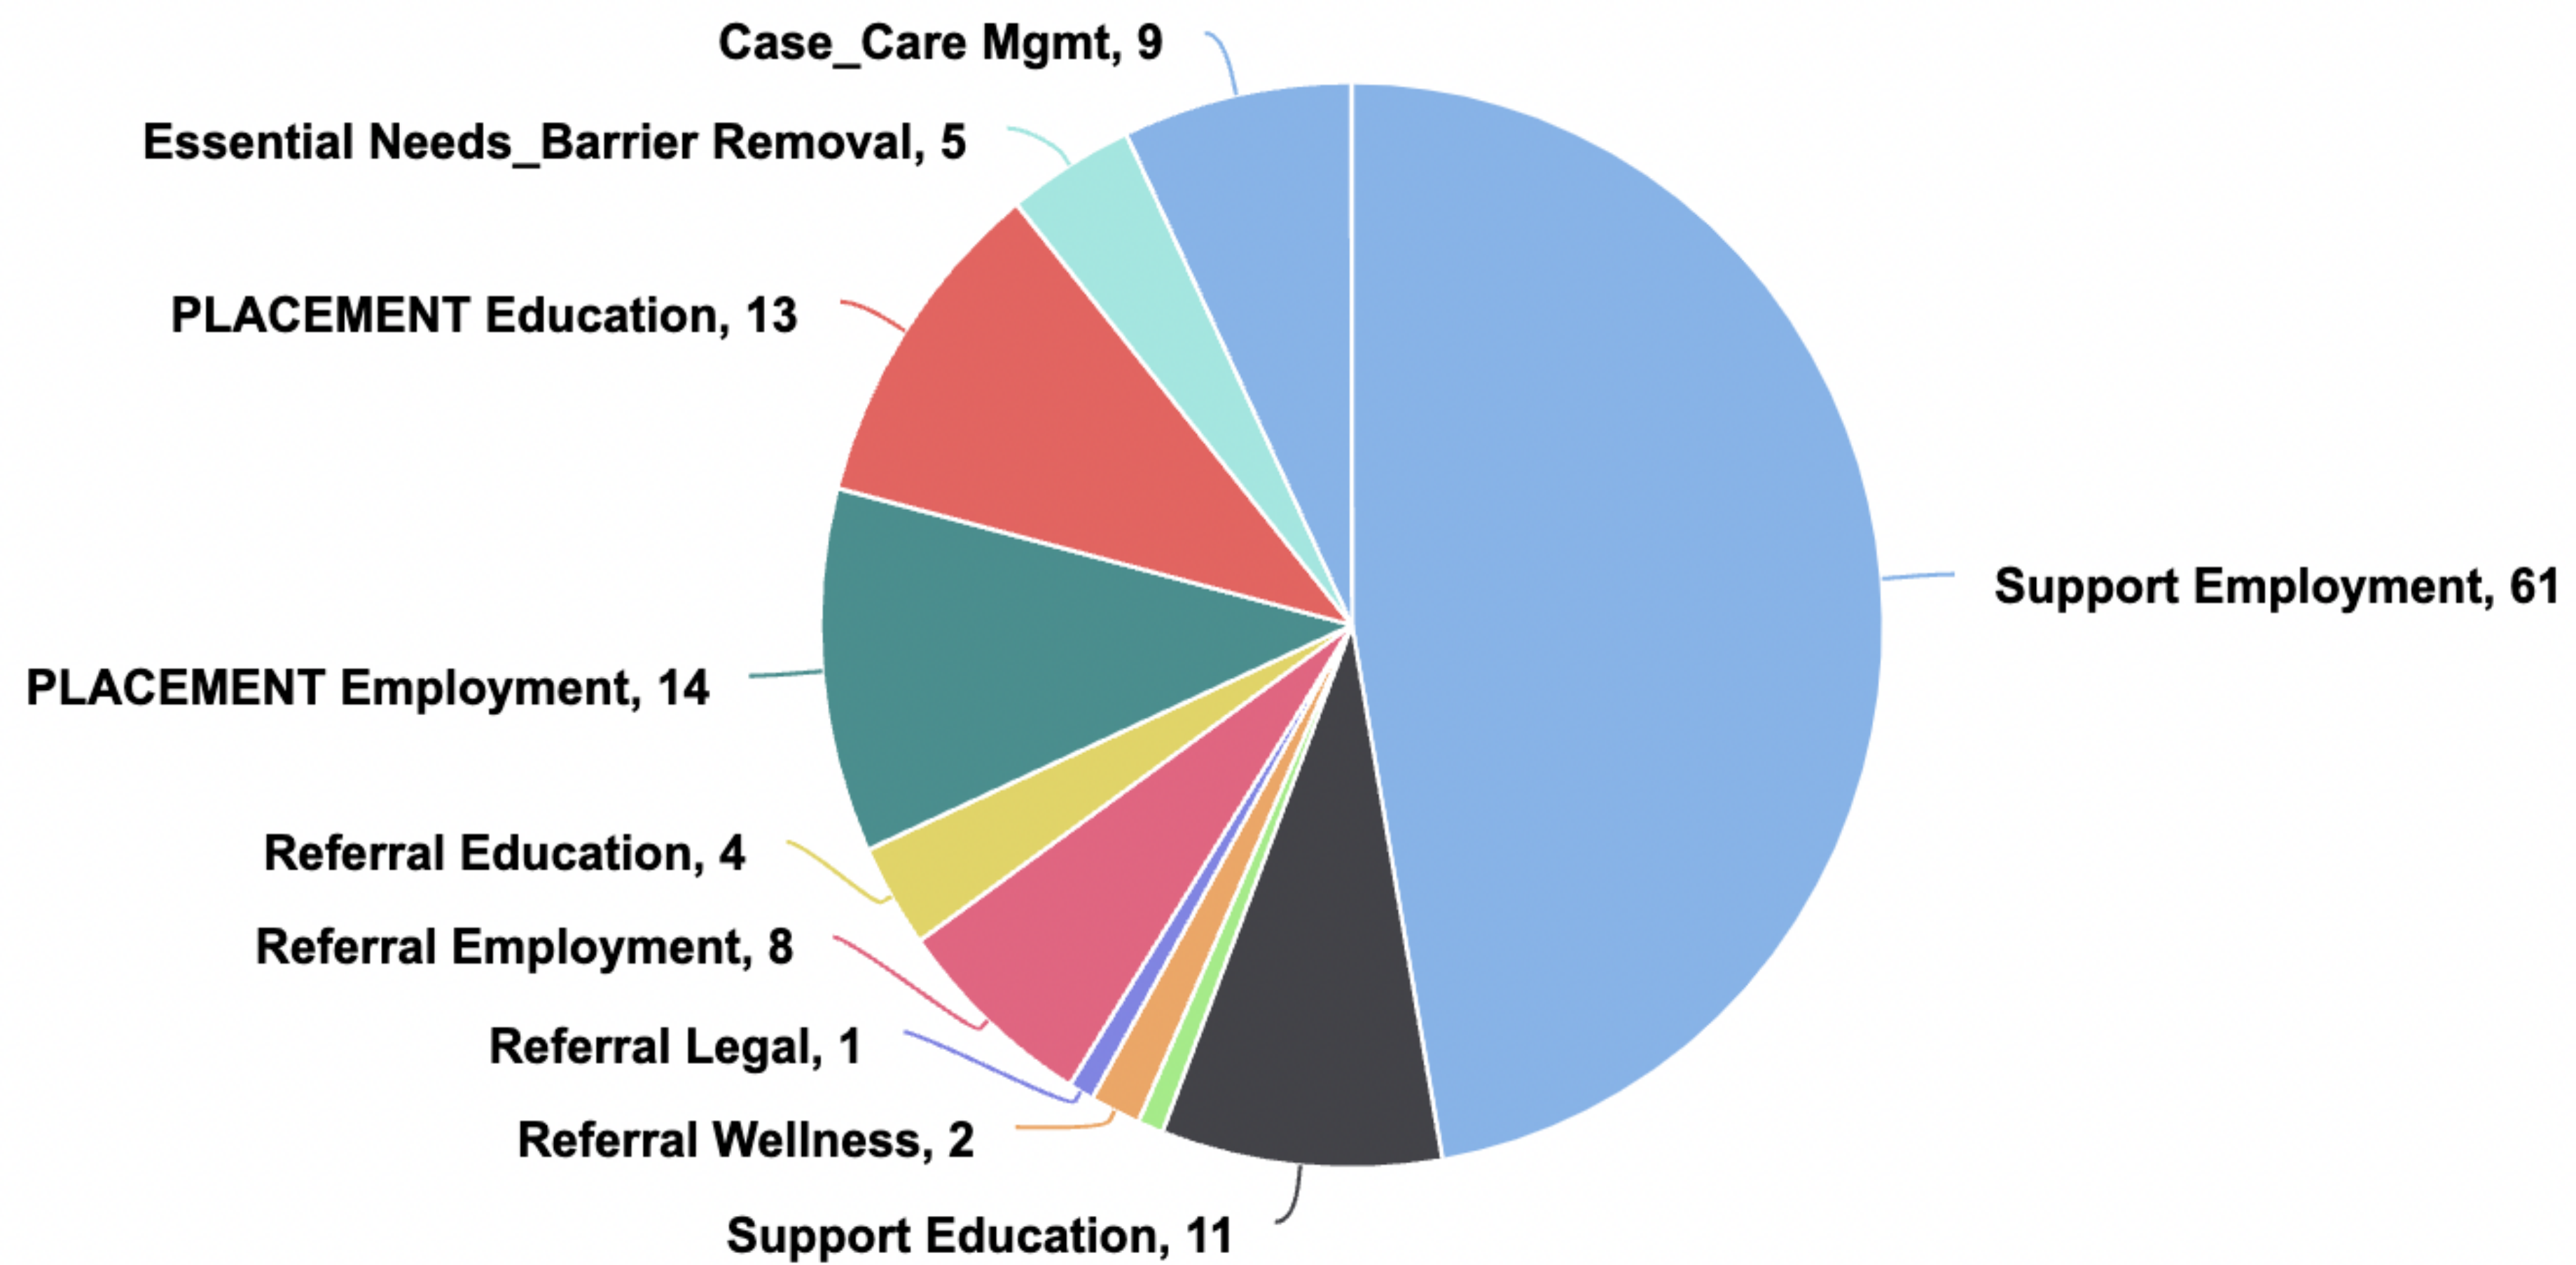

# Transitional Employment Coordinator Report

We have Coordinators serving our crews in Los Angeles, Stockton and San Diego!
